## **Cabin of Death**

Clement E. Luberecki (from CD Nedski)

G
Now Mom and Dad they died up in our cabin
G
D
Little sisters in there dying too
G
C
Well bury her out back behind the cabin
G
D
G
Well save a spot beside for me and you

## **Chorus:**

C G
Everybodys dying in our cabin
D G
We all thought that it was just the flu
C G
Turns out it was something really different
D G
Now its even killin me and you

First we called upon the family doctor

To see if he could save little sister Sue

He said he'd never seen anything quite like it -
Lock out back --- He's buried out there too

## Chorus

If you should ever go out to our Cabin Up along the pine trees in the hills

Youll find a rusty shovel by the graveyard Dig a hole if you start feeling ill
