

Crazy Heart

Key of G

G D7
Like the wild west wind so uncertain

G
You're changing like the weather everyday

D7
One night we're in love the next I'm hurtin'

G
Your crazy heart is driving me insane

D7
Crazy heart I wish I didn't love you

G
And I could turn around and walk away

D7
I've only got a half a mind to leave you

G
Your crazy heart is driving me insane

D7
All I want is a love that I can count on

G
Can't hold to the promises you've made

D7
How can it feel so right then go so wrong

G
Your crazy heart is driving me insane

Chorus 2x

D7 G
Your crazy heart is driving me insane
