

# Your Love Is Like A Flower

Key of G

G C  
It was long long ago in the moonlight  
G D  
We were sitting on the banks of the stream  
G C  
When you whispered so sweetly I love you  
G D G  
And the waters murmured a tune

## Chorus:

C  
Oh they tell me you love is like a flower  
G D  
In the spring time blossom so fair  
G C  
In the fall when it withers away dear  
G D G  
And they tell me that's the way of your love

C  
I remember the night little darling  
G D  
We were talking of days gone by  
G C  
When you told me you always would love me  
G D G  
That your love for me would never die

## Chorus

C  
It was spring when you whispered these words dear  
G D  
The flowers were all blooming so fair  
G C  
But today as the snow falls around us  
G D G  
I can see that your love is not there

*CHORUS*
