

LET US ENTERTAIN YOU

Let us entertain you,
Let us make you smile. *Lx*
Let us do a few tricks,
Some old and then some new tricks,
We're very versa tile.

And if you're real good,
We'll make you feel good.
We want your spirits to climb.

Just let us entertain you
And we'll have a real good time, yes sir—
We'll have a real good time.
