Am(Bm) D7(E7) G(A)
Out where them chilly winds don't blow

Wish I was a headlight – on a westbound train

I'd shine my light on – cool Colorado rain

Out where them chilly winds don't blow

If you're feelin' lonely – if you're feelin' low

Remember that I loved you – more than you'll ever know

Goin' where them chilly winds don't blow

I'm leavin' in the springtime – won't be back till fall

If I can forget you – might not come back at all

Out where them chilly winds don't blow
Out where them chilly winds don't blow
