

Chilly Winds – The Kingston Trio

I'm goin where those chilly winds don't blow

Gonna find a true love - that's where I want to go

Out where them chilly winds don't blow

Sing you a song – sing it soft and low

Sing it for you baby – and then I'll have to go

Out where them chilly winds don't blow

Wish I was a headlight – on a westbound train

I'd shine my light on – cool Colorado rain

Out where them chilly winds don't blow

If you're feelin' lonely – if you're feelin' low

Remember that I loved you – more than you'll ever know

Goin' where them chilly winds don't blow

I'm leavin' in the springtime – won't be back till fall

If I can forget you – might not come back at all

Out where them chilly winds don't blow

Out where them chilly winds don't blow

Out where them chilly winds don't blow
