# Got an Angel on My Shoulder

F C7 F  
Got an angel on my shoulder - Got a penny in my pocket

C7 F  
And I found a four leaf clover - And I put it in my locket( men=pocket )

F  
Wished on all the stars above me - Even I caught the nearest rainbow

F C7 F  
Gonna find someone to love me - Gonna find someone to love

F F7  Bb  
\*\*\*\* Well I tossed a lot of nickels in the wishing well

C7 F  
And saved the fortunes that the fortune cookies tell

F  Bb  
I got a lucky penny and a mustard seed

C7 C7 →  
But a warm and tender love is all I need

C7 F  
And I want a love that lingers - And is stronger through and through

C7 F  
So I'm gonna cross my fingers - That I'll find someone to love me true

C7 F  C7 F C7 F C7 F  
And I'm gonna love them too (And I'm gonna to love them too)  
SECOND ENDING

\*\*\*\* return and repeat to end
