

Can't Help Falling in Love

Wise men say, only fools rush in

But I can't help falling in love with you

Shall I stay? -- Would it be a sin?

If I can't help falling in love with you

Like a river flows **** surely to the sea

Darling so it goes, Some things are meant to be....

Take my hand, take my whole life too

For I can't help falling in love with you

Like a river flows surely to the sea

Darling so it goes, some things are meant to be....

Take my hand, take my whole life too

For I can't help falling in love with you

For I can't help falling in love with you
