

Dance Upon this Earth

CHORUS: I'm gonna dance upon this earth

I'm gonna find joy in all this madness

I'm goin' to be the one that you see

Living here, now, feeling free

I have always been a dreamer,
since I was a little girl / boy

And someone's always trying to change me

That can't happen now, I'll do what I please

CHORUS:

I remember from my childhood,

Words my mother said to me.

"Always try to think of others ,

Stop suffering in this world. We should all be free."

1) **CHORUS (sing)** 2) **Play CHORUS instrumental only**

I'm so tired of feeling angry

And holdin' someone else's shame

In a world so cold and full of sorrow

I'm gonna find a way

I'm going to break these chains
