

*Red River Valley*

C                        G7                C  
 From this valley they say you are going,  
   G7  
 We will miss your bright eyes and sweet smile  
                     C                    C7                F  
 For they say you are taking the sunshine  
                     G7  C  
 That has brightened our pathway a while

C                                G7                C  
 Come and sit by my side if you love me  
   G7  
 Do not hasten to bid me adieu  
                     C                    C7                F  
 Just remember the Red River Valley  
                     G7  C  
 And the cowboy who's loved you so true

***Harmonica, whistle or hum one verse here***

C                                G7                C  
 Won't you think of the valley you're leaving  
   G7  
 Oh how lonely and sad it will be  
                     C  F  
 Do you think of the kind hearts you're breaking  
                     G7  C  
 And the grief you are causing to me.

***Repeat first two verses...softly fading out at the end***
