

# YELLOW BIRD

111

**D**                      **A7**                      **D**  
**CHORUS:** Yellow bird, up high in banana tree,  
**D**                      **A7**                      **D**  
Yellow bird, you sit all alone like me.

**G**                                      **D**  
Did your lady friend, leave the nest again?  
**A7**                                      **D**  
That is very sad, makes me feel so bad  
**G**                                      **D**                                      **A7**  
You can fly away, in the sky away. You're more lucky than  
**D**  
me.

**CHORUS:**  
**D**                      **G**                      **A7**                      **D**  
I also have a pretty gal. She's not with me today.  
**D**                                      **G**  
They're all the same the pretty gals.  
**A7**                                      **D**  
They make the nest, then they fly away.

**CHORUS:**  
**D**                                      **G**                      **A7**                      **D**  
Wish that I were a yellow bird. I'd fly away with you.  
**D**                                      **G**  
But I am not a yellow bird,  
**A7**                                      **D**  
So here I sit. Nothing else to do.

**CHORUS:**  
**D**                      **D**                      **D**  
Yellow bird, yellow bird, yellow bird.....
