IF I HAD A HAMMER

```
          C          G7          C
If I had a hammer, I'd hammer in the morning
   G7          C        F          G7
I'd hammer in the evening, all over this land
          Am                      F
I'd hammer out danger, I'd hammer out warning
               C       F          C        F          C
I'd hammer out love between my brothers and my sisters      All over this land
```

```
          C       G7          C
If I had a bell, I'd ring it in the morning
   G7         C        F          G7
I'd ring it in the evening, all over this land
          Am                   F
I'd ring out danger, I'd ring out warning
            C       F          C        F          C
I'd ring out love between my brothers and my sisters      All over this land
```

```
          C       G7          C
If I had a song, I'd sing it in the morning
   G7         C        F          G7
I'd sing it in the evening, all over this land
           Am                   F
I'd sing out danger, I'd sing out warning
            C       F          C        F          C
I'd sing out love between my brothers and my sisters      All over this land
```

```
            C          G7        C
Well, If got a hammer, and I've got a bell
    G7         C        F          G7
And I've got a song to sing, all over this land
               Am                   F
It's the hammer of justice; it's the bell of freedom
                 C       F          C        F          C
It's a song about love between my brothers and my sisters      All over this land
