# WHEN IT'S SPRINGTIME IN THE ROCKIES

$\frac{3}{4}$  time

C G7 C  
(CHORUS) When it's Springtime in the Rockies,

G7  
I'll be coming back to you;

F G7  
Little sweetheart of the mountains,

C  
With your bonnie eyes of blue;

G7 C  
Once again I'll say I love you,

G7 C G7  
While the birds sing all the day.

F C G7  
When it's Springtime in the Rockies,

C  
In the Rockies far away.

C  
The twilight shadows deepen into night dear,

F  
The city lights are gleaming o'er the snow;

I sit alone beside the cheery fireside;

G7 C  
I'm dreaming dreams from out the long ago;

I fancy it is Springtime in the Rockies,

F  
The flowers with their colors are aflame;

And though I long to be back in the Rockies,

G7 C  
I'll wait until the Springtime comes again. (CHORUS)
