

WHEN MY BLUE MOON TURNS TO GOLD AGAIN

Elvis Presley

CHORUS

F C
When my blue moon turns to gold again,
C F
When the rainbow turns the clouds away.
F C
When my blue moon turns to gold again,
C F
You'll be back in my arms to stay.

F C
Memories that linger in my heart,
C F
Memories that make my heart grow cold.
F C
But someday they'll live again, sweetheart,
C F
And my blue moon again will turn to gold.

F C
The lips that used to thrill me so.
C F
Your kisses were meant for only me.
F C
In my dreams they live again sweetheart.
C F
But my blue moon is just a memory.

F C
The castles we used to build together
C F
Were the sweetest stories ever told.
F C
Maybe we will live them all again,
C F
And my blue moon again will turn to gold.
